EMPLOYEE BENEFITS BOOKLET

Empire Life®

INTRODUCTION

Your employer has entered into an agreement with **The Empire Life Insurance Company (Empire Life)** to provide you with a plan of group insurance benefits.

This information booklet has been prepared in order to give you an informal summary of the benefits and provisions of your Plan. It does not constitute the group Policy and is not a contract of insurance, nor does it confer or grant any contractual or other rights. All rights under this Plan will be governed solely by the provisions of the master Policy and by applicable law.

In the event of any discrepancy between this booklet and the group Policy, the terms and provisions of the group Policy apply.

The booklet contains important information concerning your group insurance coverage. As at the print date, this is the most current version of your group insurance benefits and replaces any previous booklet.

Should you have any questions, please contact your plan administrator or Empire Life at group.csu@empire.ca or Toll free 1-800-267-0215.

GENERAL PROVISIONS

ELIGIBILITY

You are eligible for coverage under this Plan if you:

- have satisfied the Eligibility Period;
- have not reached the Termination Age of each respective benefit as specified in the Schedule of Benefits; and
- are Actively at Work.

EVIDENCE OF INSURABILITY

If your written request for coverage is received within 31 days of being eligible, Evidence of Insurability will only be required for any amounts in excess of the respective No Evidence Limits, as specified on the Schedule of Benefits.

After you have become insured under the Plan, if the No Evidence Limit is increased, your coverage will be held at the No Evidence Limit in effect prior to the increase if you previously provided Evidence of Insurability and the evidence provided resulted in coverage being declined.

Should your written request for coverage be received after 31 days of becoming eligible for coverage and the Policy is mandatory, premiums are payable from the date you became eligible. If however, the Policy is non-mandatory, you will be required to submit Evidence of Insurability for all insurance. Coverage will not become effective until evidence has been reviewed and approved. For further information, please see your Plan Administrator or your Personnel Department.

COORDINATION OF BENEFITS

If your Plan includes Extended Health, Dental, Medical Expense (Vital Assist Benefit) or Health Care Spending Account Benefits and if either you or your dependants are entitled to benefits under this Plan and any other plan for the same expense, the amount payable will be co-ordinated and/or reduced under this Plan to ensure the total amount payable under all plans does not exceed the amount of the expense incurred. For further information, please see your Plan Administrator or your Personnel Department.

LIMITATION OF ACTIONS

Every action or proceeding against an insurer for the recovery of insurance money payable under the contract (this Policy) is absolutely barred unless commenced within the time set out in the Insurance Act (for British Columbia, Alberta and Manitoba), the Limitations Act, 2002 (for Ontario), or other applicable legislation (for all other provinces and territories).

TERMINATION OF COVERAGE

Your benefits will terminate whenever one of the following first occurs:

- termination of employment; or
- premiums are not submitted on your behalf; or
- the Policy is terminated; or

you no longer satisfy one or more of the eligibility requirements above.

PAYMENT OF CLAIMS

Claim Filing

If you wish to claim for any benefit, please see your employer who will provide you with the correct forms and explain how you should file a claim. You should save all bills and original receipts for medical expenses as they will be required for proof of claim.

Whenever possible, you should promptly submit the completed claim form and any actual bills or receipts (**not photocopies**). Empire Life should be notified within 31 days of any event which will give rise to a claim, or within 45 days whenever you are absent from work due to a disability.

Claim Submission Period

You have 90 days to submit the required proof of any death and disability claims. For dental and extended health claims, claim forms must be submitted within 365 days from the date the claim was incurred or within 90 days of Policy termination, whichever comes first. For Vital Assist Benefit claims, initial claim forms must be submitted within 9 months from your Date of Claim Eligibility and Medical Expense Benefit claims must be submitted within the Medical Expense Benefit Period or within 90 days after Benefit termination. For all other Critical Illness Benefits, you have 90 days from your Date of Diagnosis to submit the initial claim forms and required proof of any Critical Illness.

If your Plan includes a Health Care Spending Account (HCSA), claim forms must be submitted during the current Benefit Period (or Balance or Expense Carry Forward Period, if applicable, and subject to any HCSA Grace Period) or within 90 days after your termination or retirement under the Policy. If the Benefit terminates, no HCSA claims will be processed or paid after the termination date (unless claims are received at Empire Life prior to the date of termination).

For extended health claims incurred outside of your province of residence, you should first submit a claim to your provincial health plan, then submit a copy of the provincial health plan payment along with your claim form to Empire Life.

However, should your Plan include Travel Emergency Assistance coverage and you have an emergency while travelling, 24 hour assistance is available by calling one of the phone numbers that appear on your Benefit Card and identifying yourself by the information on the card. An operator at Allianz Global Assistance will assist you.

Payment

Claims will be paid after the proof of claim is received. Any death benefit due will be paid to the named beneficiary, if living. Otherwise it will generally be paid to the estate. All other benefits will be paid as directed by you on the claim form. **Please note:** Under some circumstances, Extended Health Benefits and Medical Expense Benefits (Vital Assist Benefit) may not be payable until the Government Health Insurance Plan concerned has paid its' yearly maximum. Check with your Plan Administrator or your Personnel Department if you require further details.

ACCESS TO PERSONAL INFORMATION

At Empire Life we create enrollment, medical and claims files in order to determine the amount of coverage you and/or your dependants (if applicable) are eligible for and to process any claims you or your dependants may incur. The information contained in these files, which is used by various departments, may allow you and/or your dependants to be identified. However, any file containing your medical status is accessible only to authorized individuals within our Medical Underwriting and Claims Departments.

Subject to the exceptions established by applicable law, you may request access to your files either in person, by showing proper identification at our Head Office, or by contacting our Head Office in writing with your request. You have the right to rectify any information which is incorrect (dependent on the circumstance, proof may be required) in your file and also to have any information reproduced and transmitted to you for a reasonable charge. If you prefer, you may contact your Group Office with your request and they will communicate your request to our Head Office in Kingston, Ontario. Telephone numbers and mailing addresses of both Head Office and your Group Office can be obtained from your Administrator.

You may request a copy of your group insurance enrollment form or application and any record or written statement not otherwise part of the application that you provided to Empire Life as evidence of insurability. On reasonable notice you may also request a copy of the group insurance Policy. First copies will be provided at no cost to you but a fee may be charged for subsequent copies.

LIFE INSURANCE BENEFIT

AMOUNT OF INSURANCE

The amount of your Basic Life Insurance coverage is described on the Schedule of Benefits page. You may be required to submit Evidence of Insurability. If you are, you will only be insured for the No Evidence Limit until the evidence is approved.

DEATH BENEFIT

The amount of life insurance for which you are covered will be payable upon your death to your last named beneficiary.

APPOINTMENT OF BENEFICIARY

Your beneficiary will be as designated in your individual application for group insurance, or, if applicable, as designated under your previous carrier's coverage. If your designation is carried over from your previous carrier's coverage we recommend you review the existing designation to ensure it reflects your current intention. The most recent designation will apply.

You may name anyone you please as your beneficiary, and you may change your beneficiary at any time, subject to the laws of your province by filing written notice with Empire Life. If you do not appoint a beneficiary or if your beneficiary predeceases you, the death benefit will be payable to your estate.

WAIVER OF PREMIUM

If you become Totally Disabled, as defined below, you may qualify to have your life insurance continue until you reach age 65 without payment of any premiums. To be eligible, you must be disabled before your 65th birthday or your retirement, whichever occurs first, and you must have been unable to work throughout the Elimination Period as shown in the Schedule of Benefits before the premium will be waived.

"Total Disability/Totally Disabled" means during the Elimination Period and the Own Occupation Period, if any, as shown on the Schedule of Benefits page, such a continuous state of incapacity resulting from injury or sickness that you will be completely prevented from performing the essential duties of your own occupation at your own or any workplace. After the expiration of the Own Occupation Period, if any, it means such a continuous state of incapacity resulting from injury or sickness that you will be completely prevented from engaging in any gainful occupation or from performing any work for remuneration or profit for which you are reasonably fitted by education, training or experience.

The availability of work will not be considered by Empire Life in assessing your Total Disability.

If you must hold a permit or licence, including a driver's licence, to perform your duties, you will not be considered Totally Disabled solely because such a permit or licence has been withdrawn or not renewed.

LIVING BENEFIT

If you are under age 62 and suffer a terminal illness from which death is expected within 24 months and you have been approved for the Waiver of Premium Benefit above, you may qualify for a Living Benefit. A Living Benefit is an advance payment of a portion of the amount of your Basic Life coverage described on the Schedule of Benefits page.

The Living Benefit consists of 50% of the amount of your Basic Life coverage to a maximum of $50,000.

Upon your death, the Death Benefit will equal the sum insured on your date of death less the Living Benefit paid and the interest accrued on the Living Benefit.

CONVERSION PRIVILEGE

Should you leave your Employer's service while the Group Policy is in force or turn 65 years old, you may arrange to convert that portion of your Life Insurance, without medical examination, to an individual policy of any one of the standard level premium Life, Term to Age 65 or One Year Term plans then being issued by Empire Life, provided application for the converted policy is made within 31 days of termination of employment. The amount will be limited to the lesser of:

a) the amount of your Life Insurance to a maximum of $200,000 (or the amount required by provincial legislation, if applicable); and
b) the difference between your amount of Life Insurance in effect upon termination and the amount of life insurance for which you are or become eligible for within the 31 day conversion period.

Exposure and Disappearance

If you are unavoidably exposed to the elements due to an Accident, and as a result of such exposure, you suffer a Loss for which a benefit would otherwise have been payable, such Loss will be covered by this benefit provision.

Where you disappear and your body is not found within 365 days of the disappearance, forced landing, stranding, sinking or wrecking of a vehicle in which you were an occupant, it will be presumed, subject to there being no evidence to the contrary and subject to all other terms and conditions of this benefit provision, that you suffered Loss of Life caused by Accident.

While insured under this Provision, if you suffer a Loss, a benefit as set out in the Schedule of Losses will be paid. Where more than one Loss results from an Accident, only one benefit will be payable. The benefit payable will be for the single Loss which provides the highest amount of benefit.

The benefit payable as a result of Loss of sight, speech or hearing, and/or Loss of Use of a limb or appendage thereof will be payable only after such Loss has been continuous for 12 months and is determined to be permanent and beyond remedy by surgical or other means.

LONG TERM DISABILITY BENEFIT

AMOUNT OF MONTHLY BENEFIT AND COVERAGE

Long Term Disability Insurance provides you with regular income to replace salary or wages lost because of a lengthy disability due to an injury or sickness. The amount of your Long Term Disability Benefit, the date that benefits commence, and the maximum duration of benefits, are as indicated on the Schedule of Benefits page.

If you become disabled due to Injury or Sickness, Empire Life will pay you in accordance with the foregoing or until you recover, whichever occurs first. Benefits will be directly reduced by (i) the amount of any benefits you are entitled to under the Canada/Quebec Pension Plan as outlined on the Schedule of Benefits page (ii) any disability benefit you are entitled to under an automobile insurance plan deemed to be first payor of benefits, and, iii) any disability payment you are entitled to under any workplace safety legislation (e.g. Workplace Safety and Insurance Act, 1997) or similar legislation. Benefits may be further reduced to the extent that your income from all sources exceeds 85% of either:

a) your pre-disability earnings if benefits are taxable as stated on the Schedule of Benefits; or
b) your pre-disability Take-Home pay (i.e. income less income tax) if benefits are not taxable as stated on the Schedule of Benefits.

Other sources include CPP/QPP, any other group or franchise insurance plan providing benefits for disability, any salary continuation, retirement or disability plan of the employer, any workplace safety legislation (e.g. Workplace Safety and Insurance Act, 1997, or similar legislation), any other government-sponsored insurance or pension plan, or any salary replacement cash dividend income received from the employer while receiving Long Term Disability benefits from Empire Life, if your Monthly Earnings includes salary replacement cash dividend income.

DEFINITION OF DISABILITY AND EARNINGS

Benefits paid under this Plan are taxable if your employer pays any portion of the premium for this benefit.

"Total Disability" means during the Elimination Period and the Own Occupation Period shown on the Schedule of Benefits page, such a continuous state of incapacity resulting from Injury or Sickness that you will be completely prevented from performing the essential duties of your own occupation, at your own or any workplace. After the expiration of the Own Occupation Period, if any, it means such a continuous state of incapacity resulting from Injury or Sickness that you will be completely prevented from engaging in any gainful occupation or from performing any work for remuneration or profit for which you are reasonably fitted by education, training or experience. In no event will any benefits be paid for any period in which you are not under the continuing care of an appropriate licensed physician qualified to treat the specific ailment or if you fail to cooperate and participate in an appropriate treatment program satisfactory to Empire Life, unless the payment of benefits in such circumstances has been pre-arranged by Empire Life.

The availability of work will not be considered by Empire Life in assessing your Total Disability.

If you must hold a permit or licence, including a driver’s licence, to perform your duties you will not be considered Totally Disabled solely because such a permit or licence has been withdrawn or not renewed.

"Accident" shall mean a single, sudden, violent, unintended, unexpected, external event that causes a disability, independent of any other cause.

"Injury" means accidental bodily injury sustained by you, while this Provision is in force, which directly and independently of all other causes results, within 90 days of the date of the Accident, in Total Disability as hereinafter defined.

"Sickness" means any illness or disease not specifically excluded elsewhere in this Provision, which causes Total Disability as defined below, while this Provision is in force. Any disability which is caused by, or is contributed to by, accidental bodily injury and which commences more than 90 days after the date such Injury is sustained, will be deemed to be resulting from Sickness. Any infection, other than a pyogenic infection, occurring through and at the time of an accidental cut or wound, will also be deemed to be as resulting from Sickness.

"Medical Care" will mean any necessary medical investigation, tests, diagnosis, treatment, services, care, attendance, consultation, medical advice, planned or pending surgery, drugs and medicines (either prescription or non-prescription), or referral to another health care professional, as a result of a diagnosed or undiagnosed medical condition. Medical Care must be ordered by a Physician or other authorized health care professional in the treatment of the Sickness or Injury.

"Motorized Vehicle" means a vehicle that is drawn, propelled or driven by any means other than muscular power, including but not limited to an automobile, motorcycle, boat, snowmobile, all terrain vehicle, personal watercraft or farm equipment.

"Substance Abuse" includes, but is not limited to: (i) the abuse of medication (prescribed or non-prescribed), drugs or alcohol; (ii) the use of illegal or experimental drugs or products; (iii) any other drug addiction or substance abuse disorder; and (iv) any condition arising from the abuse of such medication, drugs or alcohol.

"Earnings" mean your regular monthly rate of income received from your employer excluding commissions, overtime pay, bonuses, dividends or other special allowances.

Any changes in Earnings must be submitted in writing by your Employer to our Head Office as your insured benefit is based on Earnings reported to our Head Office prior to the date of disability, and will determine the amount of disability benefit you will receive if you become disabled.

"Take-home Pay" means your Earnings less the federal and provincial income taxes payable on such income.

"Elimination Period" means the initial period of your continuous Total Disability during which no Long Term Disability Benefit is payable. The duration of the Elimination Period is shown on the Schedule of Benefits.

WAIVER OF PREMIUM

If you are receiving benefits, premiums for the Long Term Disability Benefit will be waived.

YOUR RESPONSIBILITIES

During any period of Total or Partial Disability, you must make reasonable efforts to:

a) facilitate recovery from the Injury or Sickness that caused the Total Disability,
b) participate in any reasonable Medical Care and/or rehabilitation program,
c) accept any reasonable offer of modified duties from your employer,
d) return to your own occupation, or prepare to return to work in another occupation if it becomes apparent that you will not be able to return to your own occupation, and
e) obtain any benefits that may be available from other sources.

If you fail to comply with any of these responsibilities, Empire Life may withhold or discontinue benefits.

RECURRENCE OF DISABILITY

If you return to active full-time employment, and while the Policy is in force you again become disabled within 180 days due to the same cause, the benefits will commence immediately without any further waiting period. If such disability commences after 180 days of active full-time employment, the second disability will be subject to a new waiting period before you can again receive benefits.

REHABILITATION

If you receive Long Term Disability benefits you may be required to participate in a rehabilitation program to assist you in returning to gainful employment, either to your pre-disability occupation or to another occupation. Benefit payments will only be reduced by half of the income received from the program.

The decision to approve or discontinue a rehabilitation program will be made solely by Empire Life, which is under no obligation to approve or continue rehabilitation.

Any Long Term Disability Benefit payable may be further reduced so that the income received from such rehabilitation program together with the total income received from all sources does not exceed 100% of your Indexed Pre-Disability Earnings.

Indexed Pre-Disability Earnings means:

a) In the first year of your disability the average of:
   - Monthly Earnings, if the Long Term Disability Benefit is taxable, or
   - Take-home Pay if the Long Term Disability Benefit is non-taxable,

   during the 12 month period immediately prior to commencement of Total Disability.

b) After the first year of your disability:
   - the previous year's Indexed Pre-Disability Earnings will be increased on each anniversary of the date of disability only if you are participating in a paid return to work program approved by Empire Life.

The amount of each annual increase will equal the lesser of (a) the rate of the annual increase in the annual Consumer Price Index as published by Statistics Canada (or similar index published by a government agency succeeding Statistics Canada) for the preceding calendar year or (b) 10 percent.

Any expenses associated with a rehabilitation program approved by Empire Life, other than normal employment expenses such as transportation, will be paid by Empire Life as long as Empire Life approves the expenses in advance. Expenses will not be covered if Empire Life notifies you that the rehabilitation program is no longer approved or that it will no longer accept previously approved expenses

If you cease to be available, co-operate or participate in a rehabilitation program approved by Empire Life, you will no longer be entitled to Long Term Disability Benefits. If you are not participating in a rehabilitation program because of a change in your medical status, Empire Life will require medical evidence documenting how your inability to continue with the rehabilitation program is due to a covered Injury or Sickness.

PARTIAL DISABILITY

Partial Disability occurs when, as a result of your Total Disability, you:

a) are able to perform one or more, but not all of the essential duties of your own occupation on a full-time or part-time basis; or
   are able to perform all of the essential duties of your own occupation on a part-time basis; and
b) still require the regular attendance of a Physician; and
c) earn greater than 15% of your Indexed Pre-Disability Earnings.

Payment and Duration of the Partial Disability Benefit

Payment of a Partial Disability Benefit will be made if (i) Partial Disability (for the same or related cause) follows a period of Total Disability equal to the Elimination Period shown on the Schedule of Benefits, plus one day or more, and (ii) you earn more than 15% of your Indexed Pre-Disability Earnings.

The Partial Disability Benefit will be equal to the Long Term Disability Benefit less 50% of the income earned during the same period and is payable only during the Own Occupation Period shown on the Schedule of Benefits.

Any Long Term Disability Benefit payable may be further reduced so that the income received from all sources does not exceed 100% of your Indexed Pre-Disability Earnings.

LIMITATIONS

1) No Long Term Disability Benefit is payable for disabilities that result from Substance Abuse, unless you are receiving and complying with continuous treatment for such Total Disability from a rehabilitation centre, a provincially designated institution, or you are actively involved in and following a program of rehabilitation which is supervised by a Physician and approved by Empire Life.

2) No Long Term Disability Benefit is payable for any period during which you are serving a sentence for a criminal offence and are confined in a prison or other place of detention including but not limited to, a hospital, mental institution, a halfway facility or private residence (under house arrest).

PRE-EXISTING CONDITIONS

No benefit is payable if, during the first 12 months of Long Term Disability coverage under this Policy, total disability results from a pre-existing condition. A pre-existing condition is one for which you received Medical Care by a Physician or other health care professional, or for which medication (either prescription or non prescription) was recommended by a Physician or other authorized health care professional, during the 90 day period immediately prior to the effective date of your insurance.

Empire Life reserves the right to request clinical notes and records from your primary care Physician or any other health care professional who provided Medical Care to you.

Generally, the twelve month period will have to be fully satisfied from the reinstatement date upon reinstatement of coverage. However, if the reinstatement immediately follows a leave of absence or lay-off of which Empire Life has been notified in advance, then the periods before and after the leave of absence or lay-off will be combined to satisfy the twelve month requirement.

EXCLUSIONS

No benefit is payable if your disability results directly or indirectly from:

- suicide, attempted suicide, or intentional self-inflicted injury;
- the voluntary or intentional inhalation or administration of drugs, poison, poisonous substances, gas or fumes;
- insurrection, war, invasion, enemy acts, civil war, rebellion, revolution, military power, usurped power or hostilities of any kind, whether war is declared or not;
- any armed conflict or service in the armed forces;

- the participation in, or attempt to participate in, a criminal offence, under any applicable law whether or not convicted with such offence;
- treatments rendered for cosmetic purposes (as determined by Empire Life) except when such treatment is necessitated by accidental Injury; or
- the operation of a Motorized Vehicle while your ability to drive is impaired as a direct result of Substance Abuse or while your drug or alcohol levels exceed the maximum levels allowable by law in the jurisdiction where the Accident occurred.

For any disability incurred prior to or during a Pregnancy/Parental Leave of Absence, the Elimination Period may commence or continue during the period:

- of formal Pregnancy or Parental Leave taken pursuant to Provincial or Federal law or pursuant to mutual agreement between you and your Employer; or
- for which Employment Insurance pregnancy or parental benefits are paid; or
- commencing on the earlier of the elected date of a formal Pregnancy or Parental Leave or the delivery date; however,

no payment will commence or continue until the later of the completion of the Elimination Period and the scheduled return to work date.

No benefits commence or continue during any period you are not a resident of Canada for a minimum of 6 months in any 12 month period.

DENTAL BENEFIT

AMOUNTS AND LIMITS

You are not required to use a specific dentist or dental clinic; you are free to use the dentist of your choice provided the dentist and any person duly qualified to perform any of the services rendered (e.g. dental hygienist) is not insured for benefits under this Plan nor related by blood or marriage.

This benefit reimburses you for charges incurred by you or your dependants (if applicable) for dental services, subject to any deductible, coinsurance and maximum benefit that may apply as outlined on the Schedule of Benefits. To assist you in knowing exactly what dental procedures are covered by the Plan, the procedures are tabulated below according to the Canadian Dental Association Procedure Coding System, which is well known to any Dental Practitioner. To be eligible for reimbursement, the charges for these items must:

- be not in excess of the suggested Dental Fee Guide as shown on the Schedule of Benefits except if rendered by a Dental Mechanic or Dental Hygienist, then not in excess of the official Fee Guide for Dental Mechanics or Dental Hygienists, if applicable;
- be incurred while you are insured;
- be Reasonable and Customary;
- be recommended as necessary by a Physician, Dentist, or Oral Surgeon;
- be rendered by a Physician, Dentist, Oral Surgeon or Dental Assistant under the direct supervision of a Dentist, Oral Surgeon or Physician, or be rendered by a Dental Mechanic or Dental Hygienist.

All eligible charges **must be submitted** within the time period described in "Payment of Claims".

TREATMENT PLAN

When the cost of a proposed treatment is expected to exceed $300 or involves Orthodontic Services, we strongly recommend that a Treatment Plan be submitted before any treatment is started. The Treatment Plan is prepared by your dentist and outlines the treatment required as well as the cost of the proposed treatment. Empire Life will then identify any limitations, deductibles, coinsurance or maximum limits that may apply and thus avoid any misunderstanding as to the extent of your coverage. If you do not proceed with treatment within 90 days another Treatment Plan should be submitted.

DEDUCTIBLE

The Benefit Period Deductible Amount, if any, as shown on the Schedule of Benefits page is the amount that you are responsible for, in each Benefit Period, before Dental Benefits are payable under this Plan. Orthodontic Services, if insured, do not require a Deductible amount.

COINSURANCE

The Coinsurance Amount, as shown on the Schedule of Benefits page, is the percentage of eligible expenses paid by your Plan less the Deductible Amount, if any.

MAXIMUM BENEFITS

The Schedule of Benefits describes the Maximum Benefit for each of the various levels of coverage. Maximums per Benefit Period are the maximum amounts payable per person for you and your Insured Dependants (if applicable) in each Benefit Period, except for Orthodontic Services if included, which has a Lifetime Maximum as shown on the Schedule of Benefits.

The maximum benefit payable for all benefits, excluding any Orthodontic benefits, will be limited to $250 if you are late entering the Plan during the first 12 months of coverage. If Orthodontic Services are included in your Plan, the maximum benefit payable for these services will be $300 during the first 3 years of coverage when you are late entering the Plan and when you are otherwise entitled to these benefits.

DEPENDANTS

Dependants eligible for Dental Benefits are your spouse or common-law spouse, and unmarried wholly dependent children not yet 22 (or 26 if full-time students) or wholly dependent children of any age if mentally or physically handicapped (please see your Plan Administrator for details to extend coverage for handicapped dependants).

Upon written request, your common-law spouse will be eligible immediately if a child is born to you and your common-law spouse.

Dependants must reside in Canada to qualify for benefits. However, children who are temporarily residing in the United States because they are attending an accredited academic institution will also be eligible for benefits provided they are insured under a Government of Canada Health Insurance Plan.

OUTSIDE OF CANADA COVERAGE

While travelling outside the country, this coverage will apply for the services of a duly qualified dentist, subject to the maximums and coinsurance factor, and/or deductibles as outlined on the Schedule of Benefits page. Non emergency dental care will be subject to the current Provincial Dental Association fee guide. Emergency dental care is not subject to this limitation. These benefits include coverage for pre-existing conditions.

SURVIVORS' DENTAL BENEFITS

In the event of your death while you are insured for dental benefits under this Plan, the insurance for your surviving insured dependants at your death will continue in force without premium payment but not beyond the earliest of:

a) the date of remarriage of the surviving spouse
b) the period indicated on the Schedule of Benefits from your death
c) the date of death of the survivor
